

## SPECIFICATION

Product Name	: Benzoic acid
CAS No	: 65-85-0
Description	: Off white to yellowish
Identification by GC	: Sample major peak retention time shall match with standard major peak retention time from test No. 4.0
Water content by KFR	: Not more than 1.0% w/w
Related substance by GC	
Toluene impurity	: Not more than 1.0%
~1.1 RRT impurity	: Not more than 0.50%
Highest individual unspecified impurity	: Not more than 0.50%
Total impurities	: Not more than 2.0%
Assay by potentiometry (On anhydrous basis)	: Not less than 97.0% w/w
Packing	: 25 kg bag
